

HAY & FORAGE EQUIPMENT

HORIZONTAL FEED MIXER

- Possibility of homogeneous mixing
- Low fuel consumption
- Robust blade construction
- Heavy-duty chassis
- Powerful hydraulic system, built-in hydraulic motor
- Reinforced spirals
- Weighing system for precise measurement
- Optional double-sided discharge belt option
- Possibility of homogeneous distribution
- Double-sided belt option
- Extensive and experienced service network
- Spare parts availability
- 2 years of warranty

Horizontal Feed Mixer

- The intended use of the machines is to mix different feed types homogeneously for feeding animals in livestock farms.
- The product provides ease of use due to the rear cover and ladder that acts as a hydraulic bucket as standard.

With Hisarlar brand feed mixers, the best quality hand tools that may be needed during maintenance are offered as standard together with the toolbox.

Provides fuel saving due to its double spirals and heat treated special blades.
